RE: Acknowledgment of Breach Notification — Incident INC-2026-0614

Dear Ms. Fitch,

This letter acknowledges receipt, on 19 June 2026, of your organization's breach notification concerning unauthorized access to the Atlas production database on 14 June 2026, affecting customer names, email addresses, and account tier data for an estimated affected population to be confirmed in your supplemental filing. Your notification was received within the applicable statutory window and is considered timely.

Based on the information provided, this Office notes the following:

1. No payment card or banking data was reported as accessed or exported, per your organization's impact assessment dated 17 June 2026.
2. Your organization has represented that the unauthorized session was contained within approximately 40 minutes and that the access token in question has since been revoked at both the session and account level.
3. Your organization has committed to submitting a remediation and root-cause summary; the postmortem report referenced in your notification satisfies this requirement.
4. This Office may request supplemental information, including confirmation of affected-individual counts and your final contractor-access remediation timeline, within 30 days of this letter.

No further action is required from your organization at this time beyond the commitments outlined in your notification. Please retain this reference number for any future correspondence regarding this incident.

Sincerely,

R. Kessler
Director, Office of Breach Notification & Compliance
Continental Data Protection Authority
